Public Remarks: Now is the chance for a Symphony Honolulu Condominium owner to purchase a very large, scarce storage room! It will be even bigger if bought along with adjacent S426. The wall between is currently removed, and seller shall reinstall if sold separately. Square footage of S425 is 237.95 (MLS rounds up to 238 and calls it Living Area but this is a storage room only). S426 is 160.95. Total is 398.90 sf for both. We had a Licensed Appraiser measure and sketch is attached in Supplements, but square footage is still not guaranteed. TMK number shown is for the building only, as the storage unit does not have its own CPR number. Secured garage level 4 is accessible by elevator or car. Don't miss this rare opportunity!
